OUCH — Denise Gregory, a Mount Miguel freshman, has a typical reaction as she is given a smallpox vaccination by Mrs. Dorothy Shea, R.N. of the San Diego County Health Department. More than 1,000 students were vaccinated March 18 at the school.

TV Lights Glow On Men's Club Incorporation Speakers

The Lemon Grove Men's Club glowed brightly in the radiance of television lights Friday as for - and - against-incorporation members had their say.

Robert Vaught, a Lemon Grove businessman favoring incorporation of Lemon Grove, said the community, now having 30,000 population, has a good fire department, good schools and a good sanitation system but needed local planning, local police and local services.

"It will not cost any more (to incorporate) if a demand for a higher level of services is not made," he said.

Sales tax refunds will pay the cost of operating the city, he said, "We're paying these taxes anyhow, and it's not true we get back from county government as much tax money as we generate here."

Vaught, who is running for reelection as fire commissioner in Lemon Grove, said "It is our last chance to incorporate. Unless we do we"ll be annexed by surrounding cities piecemeal."

"Lemon Grove, as a city, would have more population than most cities in California," he concluded.

William Doughman, a retired submariner, said he opposes incorporation because the area isn't large enough. "People don't want to get mixed up in city politics, here," he said.

He suggested that Lemon Grove and Spring Valley pool their assets and form a city. "It could be a benefit if the two communities joined, "but they've (the proponents) got to go about it in a different manner to be successful".

The different manner, he explained, is to get more people interested in it and "ask everybody to sign the petitions . . . not a chosen few."

Doughman then confessed that he was not against incor-

Goldwater Attracts 100 At Lemon Grove 'Horn' Stop

Arizona Senator Barry Goldwater, candidate for Republican nomination for the U.S. Presidency, led his auto-horn stop caravan into Lemon Grove Friday.

It was the first time a presidenial candidate had made an appearance in this community.

With Goldwater came State Senator Jack Schrade, Assemblyman Hale Ashcraft, Richard Barnes and Clair Burgener, and Congressman James Utt.

A crowd of nearly 100 persons gathered at the Lemon Grove Goldwater headquarters where Goldwater, about one hour late on his schedule, said that he is "a peacemonger, not a warmonger." "Unless we stay strong," he said, "we can back ourselves into war."

The crowd was enthusiastic and applauded him warmly.

In the caravan with Sen. Goldwater were Arnhold Smith and Charles Fletcher, county Goldwater committee chairman.

Water Winchell, syndicated columnist, was also in the caravan. He said he had been invited to make the San Diego tour while he was in Los Angeles taking part in a Hollywood party given for the judge who had tried the Frank Sinatra, Jr. kidnappers.

In Lemon Grove, Goldwater was greeted by Mrs. Warren E. Parks, of 1547 Corta del Sur, L.G., who is headquarters chairman of the local Goldwater for President office. She presented an orchid to Mrs. Goldwater and put a carnation in Mr. Goldwater's lapel.

The headquarters volunteers, numbering 22, joined the sidewalk crowd as Goldwater spoke.

Several of the autos parked near the area where the motorcade stopped for Goldwater's appearance bore stickers "Support Your Local Police". The same phrase appears in currently issued John Birch Society booklets.

The Lemon Grove headquarters was set up by Mr. and Mrs. Tom Clabby and Charles W. Brown, Mrs. Parks said.

She said volunteers are needed for a house-to-house registration blitz Saturday at 9 a.m.

Volunteers may contact the office at 463-9888.

BOUTONNIERE FOR BARRY — Mrs. Warren Parks, of 1547 Corta del Sur, Lemon Grove, pins a flower on Sen. Barry Goldwater's lapel during his visit to Lemon Grove Friday. Mrs. Parks is in charge of the Goldwater headquarters at Broadway and Grove. 25 volunteers man the office. Mrs. Goldwater is on the left.

Storm Dumps 1.5 Inches Of Rain

The three-day storm which started Sunday dumped an inch and a half of rain onto the Lemon Grove and Spring Valley areas bringing the total for the season to 8.87 inches. The same period the year before the total was 3.19 inches.

By days: Sunday, .24; Monday .77; and Tuesday .52.

The storm also dropped several inches of snow in the Lagunas and the Laguna road was closed at highway 80 early Tuesday trapping several motorists. The road was opened later in the day with road equipment.

The snow in the mountains did not bring freezing weather here. The lowest recorded this year was 36 degrees on March 8.

Dr. Phillips Drops Out Of Assembly Race

Dr. Frank L. Phillips of Lemon Grove, newly elected state vice president of C.R.A., announced today he is withdrawing from the 77th Assembly race to further party unity in the more important presidential and congressional races.

Dr. Phillips, a Lemon Grove chiropractor said that the area of difference between himself and in incumbent Assemblyman Donovan are relatively small in comparison to the differences between Lionel Van Deerlin and Republican candidate Danny Thomas for the 37th Congressional race. Assemblyman Donovan, he said, has done a good job so far and he will lend all his support to Donovan's re-election. Dr. Phillips also announced he is running for the Republican Central Committee.

District Teachers Back Majority View On Prayer

At a March 3 meeting of the Executive Council of the Grossmont Union High School District Teachers' Association a resolution was passed regarding the issue on school prayers. The council took the stand that the law as traditionally interpreted was the correct position. It was felt that any position contrary to the law was incorrect for any law abiding citizen.

Specifically the motion passed was:

"The Executive Council of the Grossmont Union High School District Teachers' Association extend its commendation to the Board of Education of the La Mesa-Spring Valley School District, the majority of whose members have recently demonstrated soundness of judgment in the establishment of educational policy consistent with Constitutional law, in respect to prayers in the public schools."

Local Group Backs School Aid Election

The Committee to Keep Good Schools has gone on record to actively support the bond and state aid election scheduled for Tuesday, April 7, in the La Mesa-Spring Valley School District. Members are co-ordinating their efforts with all community groups actively supporting the school election.

Co-ordinating chairman for the bond election is Peter (Bud) Doyle. Al Peters is chairman for the Spring Valley area.

SEEKS SUPERVISOR'S POST — Henry Boney, center, civic and business leader, appoints local aides in his race for supervisor. Left, Paul Reynolds, business manager of the Lemon Grove school district and Rosarie Graham, popular in Spring Valley civic, school and social affairs, make plans for lining up support for Boney.

Henry Boney, Civic Leader, Enters Race For County Supervisor

Henry A. Boney, an area civic and business leader, announced he will seek election to the San Diego County Board of Supervisors, representing the second supervisorial district. He has filed his nominating petitions for the non-partisan office. The post is now held by David W. Bird who is seeking re-election.

In announcing his candidacy, Boney, 49, a longtime San Diego County resident and founder of Speedee Mart, Inc., said, "The growth and development of the southern and southeastern parts of San Diego County, while impressive in recent years, have not been up to their full potential. The municipalities here have had effective leadership. What is needed is fresh, dynamic support from county government. I plan to provide this support, to see that the economic development of this area is stepped up, and to provide the completely modern, thoroughly practical leadership that is needed."

"It's easy enough for any candidate to say, 'We need more jobs'," Boney said, "but just talking doesn't do the trick. We need new jobs, right enough, but we need an effective approach to getting them. The Board of Supervisors, by taking an up-to-date approach to the matter can provide the leadership that will stimulate business, increase tourism, create jobs, and help the south county area enjoy its exciting potential. It follows that what will help this particular area will help all of San Diego County."

A native of Texas, Boney moved to San Diego in 1950 and entered the produce business, later entering the grocery field. In 1956, he founded the Speedee Mart chain of neighborhood convenience food stores, pioneering the "small supermarket" concept in the San Diego County area. Boney recently sold the chain of 128 stores to the Southland Corp., of Dallas.

Long active in local affairs, Boney is president of the San Diego Council, Boy Scouts of America, and is on the board of directors of both United Community Services and the San Diego Convention and Tourist Bureau. In 1961, he was chairman of the United Fund campaign. He is a trustee of California Western University and is a past lieutenant governor of Kiwanis International, Division 11, in San Diego County.

He is a member of both the Board of Trustees and the finance committee of the La Mesa First Methodist Church. Boney currently is a director of the California Grocers Association and is a past president of the San Diego Grocers Association.

Boney is married and lives with his wife, Jessie, at 9252 Madison ave., in La Mesa. He has six children.

Two Bits Won't Do It

We were pleased to note that the newspaper of the medical profession, the AMA News, has taken a leaf from the book of Walter Winchell and coined a word.

They call it Fedicare.

Fedicare is what Medicare is called by politicians. The coinage is particularly appropriate. Fedicare. See, already the proposed program takes on a different character.

Let us report what AMA News reports under a heading "Two Bits Won't Do It"—

"Social security taxes now are $348 per year on a salary of $100 per week. These taxes would have to be increased immediately to $429 per year if the proposed fedicare program is to start on a sound financial basis.

This was admitted by the Dept. of Health, Education and Welfare in testimony before the House Ways and Means Committee.

"HEW also admitted that an additional $35 billion would be needed to pay the fedicare costs for 20 million elderly people who would become eligible for benefits without ever having contributed toward the program.

"In the face of these facts, proponents of the King-Anderson bill are attempting to fool the public into believing that wage-earners can pay the costs at a rate of 25 cents a week. A little sixth-grade arithmetic shows the falsity of this claim. At 25 cents a week it would take the working population of this country about 40 years to pay the $35 billion for non-contributors, to say nothing for the immediate, continuous and mounting costs for social security beneficiaries.

"Obviously, the King-Anderson bill is not a two-bit proposal.

"President Johnson, speaking early this month in support of measures to protect consumers against hidden charges on installment purchases, said: "The antiquated legal doctrine, Let the buyer beware, ought to be superseded by the doctrine, Let the seller make full disclosure.

"The sellers of fedicare should follow this doctrine of full disclosure. Their lie should be refuted at every opportunity."

Petition Passers For S.V. Cityhood Plan Sat. Drive

Betty Seymour Robinson, who heads the petition passers for a Spring Valley incorporation election said this week that her group is also shooting for 3,000 names by the deadline time April 18. Supervisors have set final dates on two local incorporation activities.

"We have 1,700 valid signatures now and 2,750 are all we need," she explained.

She said a crew of 25 persons will circulate petitions Saturday in various parts of Spring Valley. Volunteers are invited to come to the S.V. Chamber of Commerce building on Memory ln. at 8:30 a.m. to take part, she said.

ACLU Denies Try At Eliminating Songs

"A statement by Dr. Max Rafferty, state superintendent of public instruction, that the American Civil Liberties Union is advocating the abolition of songs in the public schools which invoke the name of the deity is completely erroneous and unfounded," according to Dr. Eason Monroe, executive director of the ACLU of Southern California.

Monroe referred to a large number of recent news reports which quoted Rafferty's remarks at a George Washington birthday party to the effect that ACLU is attempting to have such songs eliminated in the La Mesa-Spring Valley district schools. According to the reports Rafferty asserted such songs would include "America the Beautiful", "God Bless America", and "The Battle Hymn of the Republic".

Monroe said the San Diego Chapter of ACLU, after receiving a number of complaints from parents in the La Mesa-Spring Valley District in regard to their children having to recite prayers at snack time in kindergarten classes, wrote to the board of trustees advising them that in our opinion such practice was unconstitutional. The San Diego County Counsel, Bertram McLees, concurred with this opinion.

"We did not protest the singing of patroitic songs which invoke the name of the deity or suggest they be abolished, Monroe said.

PEOPLE WANTED . . .

tunity to take an active part in the contest and get your share of the good things offered.

Too busy, sure, were all busy — everyone who really amounts to anything is — but it's a truism that "busy people are the ones who always get things done" for they know how to economize their time and utilize it profitably.

Afraid of costs? Get this straight. It costs absolutely nothing to try and you positively cannot lose. The very least you can receive is $1 back out of every $5 of your subscription collections collected, payable weekly as earned.

You can sell! Allen and Mabel Cook, your friendly contest managers, have had years of experience in helping people, who have never sold anything before, take possession of beautiful new cars. They are here to show you how you can be a winner. They will be available at all times during the campaign to aid and counsel and inform you in every way. Come in and get acquainted with them today.

It takes a little genuine interest and effort to win these magnificent prizes. But those who exercise these two factors most effectively during the next few weeks will surely reap the richer rewards.

Merely wishing for the good things of life, or putting forth only half-hearted effort in this or any other competition never will capture any "blue ribbons" in the affairs of the world. It requires push, pep and perseverance to complete any undertaking successfully.

Get in the game today and be a big prize winner.

knowing now that it is not for us.

Then an anonymous reader sent us a communication comprised of a full page advertisement which ran in a Los Angeles newspaper, with some elements of the advertising underscored.

The sender also added his gratuitous opinion that the Dimmer View gets dimmer. Be that as it may, (we think we know who has that opinion if we can just decide on which one of some 9,000 dissident readers) we don't agree with the two premises listed as salient points in the announcement.

1. Pay TV watchers will view important events for no more than a single admission ticket to such events . . . "and in many cases less".

2. Pay TV will have "no commercial interruptions, no arbitrary time lengths".

To which we say "nuts".

TV watchers will find many events, such as baseball, football and boxing, going pay because it will be more profitable. They argue that it will cost no more than a single admission ticket may be true but it comes to the viewer without cost now.

The promise of no interruptions during the program is mighty strong medicine and might have been influential in getting us back in the Pay TV fold, but we suddenly realized that they didn't promise "no commercials". They'll have 'em all right and they'll have plenty of them. As slickery as Madison Avenue hustlers are, they'll have them popping up as a port of the showing. The heroine would be drinking brand X beer, or driving a Mark III auto.

They'll never convince us either that the time ahead of the event and the intermission won't be used for commercials.

— And don't say later we didn't tell you."

Rapier Says Navy Thinks Closing Navy Base is Error

The Republican Rapier, mouthpiece of Republican Associates reported in a current issue that "one of the highest civilian persons in the Department of Navy told Congressman Bob Wilson that 'an apparent error in judgement' was made in ordering the closing of the Naval Repair facility here!

"'It would have to be re-opened' in the future," the informant said, "because San Diego has the second largest number of home ported ships (170) of any U.S. Navy base in the world. The largest is Norfolk, Va., with 190."

The Rapier continues: "Why does Bob Wilson continue to fight this battle against a hostile political administration? The facility is not even in his Congressional District. Democratic Congressman Lionel Van Deerlin represents the people there. Why doesn't he fight, you ask, and we reply, he doesn't know how.

"The plain fact is that Van Deerlin gave up trying to get anything done about it long ago and yet he was elected on a platform of 'I can get it from the Democrats because I am a Democrat!'" the publication concludes.

A Woman Is Like A Newspaper?

One of our readers gave us a clipping from a column appearing in a mid-west newspaper. The columnist, Ray Tschimperle, likened a newspaper to a woman. Said Ray both newspapers and women "have some form, both usually consider makeup important, back numbers are not in demand, they always have the first word, some are worth looking over (or overlooking), you can't believe all they say, among decent people there's small demands for the bold-faced type, and any man should have one of his own and not borrow his neighbors."

"Everybody Wins"

REVIEW - BULLETIN SUBSCRIPTION DRIVE CONTINUES

PLAN IN BRIEF

The object of this big "Everybody Wins" prize contest is three-fold. Primarily to increase the already large subscription list of this newspaper, to collect advance subscription payments from present readers, and at the same time afford local wide-awake, energetic men and women (married or single) and young people of this trade territory an opportunity to profit in a BIG way through whatever spare time they might have during the next few weeks. So, it is a plan that works both ways, and to the ultimate goodof all concerned.

In order to gain this end quickly and effectively, the most attractive and altogether desirable awards ever offered by any newspaper in this section have been made ready for distribution among those who participate most actively. Ambition and energy are the only requisites for success.

Let it be understood at the very outset that this is not a "lucky drawing" nor something-for-nothing affair, but a strictly legitimate competitive proposition for enterprising men and women, and one in which all active contestants will receive a liberal commission check each Tuesday morning covering results obtained by them during the past week, while striving to win one of the major awards. An outstanding feature of this big contest is the fact that "Everybody Wins." There will be no losers in this race.

HOW TO ENTER — WHAT TO DO

The first thing to do is to clip the Entry Coupon appearing on the opposite side ofthispage, fill in your name and address and mail or deliver in person to contest department at once. This coupon starts you in race with 5000 FREE votes; and, by using the Early Effort coupon appearing in front page of this issue with your first subscription (this coupon good ONLY during first week of contest) you would then be entitled to an extra 100,000 PREMIUM votes for taking IMMEDIATE action—all of which speeds you on your way to win. Only ONE such Entry Coupon and Early Effort Coupon will be accepted for each participant.

The next step is to obtain for contest department one of the little special receipt books, printed for the purpose, partial list of present subscribers showing expiration dates, etc. Thus equipped, you have but to see your friends and neighbors, relatives and acquaintances and ask them to subscribe to this newspaper through you. Just remember this: Anything worth having is worth striving for. Six and a half short weeks and you may be riding in YOUR OWN big automobile for for a long, long time to come, or otherwise several hundred dollars richer in purse as the result of a little well directed effort NOW!

Then, too, as more fully outlined below, this newspaper offers "early starters" substantial special cash prizes for substantial results during the very first week of thiscontest, the small requirements necessary to qualify as a winner being easily attainable and well worth the little extra effort it requires. Try it and see

HOW TO WIN THE BIG PRIZES

It takes votes to win the big prizes, and they are secured in the following ways: first by clipping the free vote coupon appearing in this newspaper. Begin gathering them NOW while they are good for 100 votes each. After next week these coupons will be reduced to 50 votes each; the following week to only 10 votes each, and after that they will be discontinued entirely. Only ten coupons of each denomination will be credited to any one contestant and they must be cast within one week afterpublication.

Another, and much faster way, to accumulate votes in our "Everybody Wins" prize contest is by securing new and renewal subscriptions to this newspaper. Votes are issued on each subscription secured, the number varying according to amount paid and during which "period" same are received at the contest department. SEE SCHEDULE OF VOTES BELOW.

EARLY START MEANS EASY FINISH

The advantage of an early start are manifest. This "Everybody Wins" prize contest is of such short duration that immediate action is necessary for greater success. Subscriptions taken during the early part of drive not only carry the MAXIMUM number of votes, but ::early starters" who are first in field will undoubtedly get the "cream" of new and renewal subscriptions, while those who put off starting until a later date will of course have to take what is left.

Don't lose valuable time "waiting to see what the other fellow is going to do" but get into the game today, without delay, and show the "other fellow" how to do it!

Now's the Time To Pay the Tax Cranston Says

The chairman of the Franchise Tax Board, suggested that California wage earners begin now to prepare their California income tax returns, if they have not already done so. The chairman, Alan Cranston, said an early start will enable taxpayers to take care of all proper deductions and thus minimize their tax. Many taxpayers will find also that return preparation will be simplified by use of the short Form 540A.

A return is required if a single individual earned $1,500 or more, or if the combined earnings of a married couple was $3,000 or more in 1963.

Cranston pointed out also that people who need forms or assistance in preparing their return may call at the local office of the Franchise Tax Board, 1350 Front st., San Diego.

Girl Scout Chatter

Girl Scouts from various troops in Lemon Grove District 10 seemed jubilant with excitement on March 19 as they received their roller - skating certificates. Now that they had completed a ten - week course at the Skyline Rollerina they were fairly bursting to perform some of their skating exercises for the Scout leaders and their parents who had come to see them graduate.

Their instructor, Roy Usry, is no pushover. He made sure each girl earned her certificate. He knows well the girl scout laws and gently reminded the girls of them on occassion.

Upon graduation they actually wanted to perform more difficult exercises. Given consent they performed beautifully. At one time they skated with their bodies low while balancing a cup on their heads to show grace and balance.

A week before graduation, Usry surprised the girls with a cake and coke party celebration. For all his work, Usry was given a certificate of appreciation for outstanding service to Girl-scouts of District 10. Mary Hall, neighborhood chairman, presented it to him. Thank you Roy Usry. Congratulations Girl-scout skaters of District 10.

President John S. Hansen said the model will be displayed at several prominent area locations, in addition to high schools, and will become a permanent feature of the administration building on the new campus as a guide to visitors.

DOROTHY DIGS in the garden

Now is a good time to start preparation of soil for spring garden planting. During the winter the soil has become packed and hardened and many weeds have started to grow.

You can discourage weed growth if you will spray them now with a contact spray that is non-selective and will not sterilize the soil. This will permit you to plant your garden on schedule, later, without the work of continuous weeding. Remember that weeds also harbor insects and fungus that will spread to the garden. If you are turning steer manure into the soil be sure it is a brand recommended by your nurseryman as "weed free".

It is advisable to cultivate into the soil a planter mix composed of peat moss and leaf mold. A good practice is to sprinkle in with this mixture some soluble iron, especially if alkaline soil is the problem.

MORE SALES TAX WANTED FOR SCHOOLS

Assemblyman Hale Ashcraft, Republican, Rancho Santa Fe, and Carle V. Porter, Democrat, Compton, introduced a bill which would increase the state sales tax by 1c. Under this measure, all revenue received from this increase would be allocated for education, in addition to the monies annually appropriated to the fund.

Ashcraft said, "Everyone realizes that we must find new sources of revenue to support the increasing costs of education. This measure provides a source for the needed additional revenue as well as distributing the tax burden among all of the residents of California, not just the property owners. With only 35% of the people in this state owning the property, to levy an additional tax on these few would be unfair."

"An increase of 1c in the state sales tax would produce approximately $300 million a year," Ashcraft added. "On a statewide average this increase would finance all of the following proposals: It would raise all certified salaries by $600 per year; it would reduce the average class size by 7% (from 32 to 30); and it would reduce local property taxes by 30c per $100 assessed valuation," Ashcraft said.

NEW FACULTY MEMBER

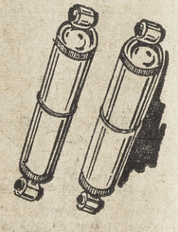

An English instructor with considerable background in technical writing will become a member of the fulltime faculty at Grossmont College this fall.

Mrs. Marie W. Sweadner, presently of Santa Barbara, taught English in the School of Engineering at Gannon College and one year at the University of Pittsburgh. She served as a technical writer for approximately six years with General Dynamics Astronautics, San Diego.

LeMac TV Service
466-8832
Many things have happened since LeMac TV Service expansion a year ago that we want to report to you.

First, we decided to personally handle all local calls on sales, service and antenna installation right here at my shop — at 3562 Grove st., in Lemon Grove. My telephone number is HO 6-8832. Stick this announcement in your TV, stereo, hi-fi or radio set for future use. We'll fix or replace any one of them at sensible prices.
Next, the California television licensing Act recently became effective, and we believe it will help get some of the semi-skilled repair people out of the business. That is good for you because you will not have to pay us to fix it after you have paid someone else to work on it. We are qualified professionals (as the Act requires) and we have been in the business since 1936 (almost 28 years).
We are also members of the famous PEET organization. That name stands for Photofact Electronics Equipped Technician. PEET training and equipment make good their slogan: "The PEET man knows your set best."
If you have an electronics problem, call us at HO 6-8832. It doesn't cost anything to talk and we're willing if you are.

Turnaway Crowd Jams Tavern Opening Here

More than 1,000 persons with a carnival spirit made up the overflow crowd Saturday to greet Mr. and Mrs. Ted Fetters at the "Open House" celebration at their Horseshoe Tavern in Lemon Grove.

The Fetters acquired the tavern several months ago and later obtained the building next door. The latter was made into a dining room and the whole operation was officially opened to the public Saturday.

Here to help them with the celebration was William Talman, the television star who is Hamilton Berger, the district attorney on the Perry Mason show. Talman and his wife, and the Fetters are long time friends with racing stables as their common bond of interest.

The Horseshoe, at 7664 Broadway, was also host to several other dignitaries including Regis Philbin, who has his own show on channel 10. Philbin featured Talman on his show later that night. Municipal Court Judge Luther Hussey of Lemon Grove, Dr. W. Rodriguez of Tijuana and Bob Sinne, the well-known trainer were also among the honored guests.

Door prizes were awarded to happy guests and John Dail, a local insuranceman and candidate for the assembly, acted as master of ceremonies. Prize winners included:

Richard Carlson, 1531 Angelus, L.G., radio-clock from Goodrich; Mrs. Jay Kimberlin, 3163 New Jersey, L.G. 5 year subscription to this newspaper; Bill Hobart, 1820 Skyline, L.G. pearl pendant and earring set from Walters Jewelry; Frank Felton, La Mesa, five pizzas from Pernicanos, and Curt Smith, 3222 Acacia st., L.G., 10 free games at the Bowlero.

Parking lot attendants said more than 50 carloads of patrons were turned away when sufficient parking could not be found for them. Some guests used the Mayfair parking lot across the road from the Horseshoe.

The Fetters couple said that many of their friends who were guests, joined in serving food and drinks because of the unexpectedly large turnout.

"We didn't appreciate how many good friends we had until we saw some of them go to work voluntarily," Mrs. Fetters said.

The major contest winners for suggesting a new name for the cafe will be announced next week.

Ted Fetters said a preponderance of opinion favored keeping the same name for the cafe so it will not be changed. However the new dining room will be named as a result of the contest and the prizes will be awarded accordingly.

The couple also owns Pal's cafe at 3521 Imperial, Lemon Grove.

'Ideas' Theme For CCPT Meet

"Ideas for Family Living" is the theme for the Ninth District California Congress of Parents and Teachers, general meeting Monday at 9 a.m. at the Chula Vista Recreation Center, 385 Parkway, Chula Vista.

A challenging symposium of ideas to inform members about three family backgrounds found in the county will be presented by John Johnson, newly appointed director of the Urban League, who has been a social worker for the state and county, and formerly community education coordinator for the Rosenberg Foundation, a program to motivate adults in a specific area to return to school to complete their education. Johnson, the father of two small girls, will speak on the Negro family.

Pastor Joseph Ma, Chinese Community Church, who came here recently after serving eleven years in San Francisco's Chinatown, and twelve years in his native China and who is the father of two teenage boys and a younger girl, will tell of the Chinese-American family.

Mrs. Robert W. Dyer, district parent and family life director, who is also active in scouting, church work, Family Service Association, San Diego-Yokahama Friendship Commission, and Special Gifts Committee San Diego Public Library and the mother of three teen-age boys and a grade school girl, will present the traditional family patterns.

The Clearview Harmonettes, under the direction of Mrs. Richard Ferguson, will sing, "Let There be Peace" to open the business meeting at 9:30 a.m.

The election of officers for the 1964-66 term will be held with the nominating committee presenting the following slate: president, Mrs. John Bogen; vice presidents, Mmes Donald Browne, T. K. Barteau, Leo Ness, Cloyce Burkhardt, Michael Sommer, Ralph Lowry, E. D. Wood, and Robert W. Dyer; recording secretary, Mrs. Paul Willoughby, Jr.; treasurer, Mrs. Henry F. Osborn; auditor, Mrs. Fred McMullin, Jr.; and historian, Mrs. A. J. Long. Mrs. Long is a Lemon Grove resident.

Coffee will be served during the social period beginning at 9 a.m. by the host councils.

Four-Way Stop Set For Palm-Skyline Corner

A four-way stop will be installed at Skyline and Palm sts. in Lemon Grove next week, Paul Fowler, Safety Engineer for the County of San Diego said.

The busy intersection was the scene of a two-fatality accident during the Christmas holidays but Fowler said the decision to erect additional stop signs was not induced by that.

"It's simply a busy intersection and getting busier," he said.

A request for additional stops or traffic signals for the intersection had been made early this year by W. Doughman of 8454 Palm st. and W. Owens of 2526 Crestline dr., both Lemon Grove.

Fowler, who is also secretary of the S.D. County Traffic Committee, said traffic lights will not be considered until Palm st. is rebuilt. No funds for improving Palm have been budgeted for 1964-65.

Plans call for a left-turn slot to be painted on Skyline for west-bound traffic headed north. Palm st. will be widened west from Skyline just enough to add a right turn lane for traffic traveling east to head south onto Skyline.

Residents in that area feel that traffic congestion will increase when the added stops are installed. "It's the penalty that has to be paid for safety", opined one observer.

SUPPORT — Assemblyman Dick Donovan, right, is handed 13,299 signatures of people in his district requesting improved state financing in public schools. California Teachers Association Legislative Representative W. H. Barton is handing them to Donovan.

'Operation TOPS' Aid Asked From Donovan By Calif. Teachers

Assemblyman Richard J. Donovan (R-77th Dist.) received 13,299 signed "declarations of support" from the voters of his district urging improved state financing of public schools. The petitions were his share of over 1,500,000 such declarations signed by voters throughout the state and transmitted to their respective representatives in Sacramento.

Designated as "Operation Tops" (Total Opportunity in the Public Schools), the project was spearheaded by the California Teachers Association (CTA), with joint sponsorship by the California School Employees Association and four major administrator organizations. The California School Boards Association and the Congress of Parents and Teachers endorsed the petitions and their members participated actively in many localities.

Donovan's petitions were delivered to his Sacramento office by William H. Barton, Legislative Representative for the CTA.

14 Cents A Day

The petitioners told Donovan that they supported the efforts made by the Legislators to increase the annual levels of school support by at least $100 million (14 cents a day per pupil). Two bills already introduced in the current session meet this figure, AB 70 and AB 88.

"Since 1953 the state has, in effect, shifted the major part of the increased per pupil cost of public schools onto the local district property taxpayer. Added funds to improve education and meet the school finance cricises should come from broader and more equitable tax sources," the petitioners declared to Donovan.

"The state can no longer ignore or postpone the responsibility for meeting its 'fair share' of the costs needed to guarantee every child a quality education. We offer this petition as evidence that your efforts in behalf of such increased school support will have the firm backing of your constituents", they concluded.

Donovan, who was a member of the committee that hammered out the education budget compromise to break the deadlock in the last session, said he would continue to work for improved educational finances.

If Unification Is Mandatory—

TOGETHERNESS POSSIBLE FOR SCHOOLS OF L.G. AND L.M.-S.V. DISTRICTS

The Lemon Grove school district and the La Mesa-Spring Valley school district have togetherness, and the delegate to the next level of study of the Committee on School District Organization will be instructed to report just that.

The LM-SV school board, still reeling from their latest school prayer uprising which occurred just a few minutes before visiting the Lemon Grove group to attend the scheduled discussion of school district organization.

Both boards agreed that it would invite others to decide the fate of the districts if they decided to stay as they presently are.

The Lemon Grove board had unanimously opposed total unification. The two district learned that they were in agreement on the unification of their two districts which would include four high schools. These are Mt. Miguel, Monte Vista Grossmont and Helix.

The county level of consideration will be held April 1 and the delegates of the two districts will be instructed to follow Monday night's agreement.

Mother Goose Names Six New Directors

EL CAJON — Six new directors, increasing the Mother Goose Parade Association board to 15 members, were appointed by the elected 9-man board, Robert C. Hale, association president, announced.

The 18th annual Mother Goose Parade will be Sunday, Nov. 22, at 2 p.m.

The new directors appointed: Nat L. Eggert, Jerry Hollingsworth, Jack R. Maranda, Mansfield A. Mills, B. W. Stone and Thomas Wigton, J., all of El Cajon.

The appointments are part of a previously announced plan to alter the association's operational structure to meet increased demands upon the association.

Wigton, who founded the parade, was president of the association from 1947 to 1953. Maranda, president in 1959, has served as float chairman for the past two years.

Eggert, chairman of the judging committee last year, and Mills, 1963 trophy committee co-chairman, both have been association directors in previous years.

Church Regains Property Taken By Setback

SAN DIEGO (CNS) — The County Board of Supervisors Tuesday reversed a planning commission recommendation and gave back to the First Congregational Church of Lemon Grove 20 feet on the west side of Fisher ln. at Roosevelt and Glebe.

The action was taken after a prolonged discussion and the board also granted a side yard setback variance to Earl Hanson for a house across Fisher ln. from the church. The variance was granted before the street vacation because if the order had been reversed, the variance could not have been granted.

The church had given the 20 feet when it was granted a special use permit. Pastor E. Walter Smith told the board that the church did not want the land back unless Fisher ln. was to remain as a 15-foot alley-type street.

Fisher ln. is a dedicated street but the Supervisors, by taking the action, probably made sure that the street will never be wider than 15 feet.

Mrs. Hanson said that the building department, or someone, had told them that the street was an alley which would allow their structure much closer to the property line. The house is one that was purchased by the Hansons after being built as a project by Grossmont High School students.

The action triggered Supervisor Cozens to ask for a study of the road department to see why centerlines can't stay still.

Cozens suggested that perhaps the county could determine street widths in advance and fix the centerline for good at that time.

Supervisor David Bird said that the problem might be met by using the property line instead of the centerline. He said this is used by many cities now.

County Counsel Bertram McLees said that it could be done at the cost of many thousands of changes in the county's zoning ordinance.

ARBOR DAY was a day filled with meaning for youngsters at Avondale Elementary School during the recent observance of the day, when a magnolia tree was planted. Avondale fourth grade students Maurice Ortega and Nora Inscore do the planting while their classmates look on. Arbor Day is one of several days of observance recognized by the State of California.

LETTERS TO THE EDITOR

Dear Editor

I can not express to you how heartsick we feel on learning of the action taken by the San Diego County Planning Commission on Feb. 28 in denying an extension permit to allow Little League Baseball to be played at Vista La Mesa Lester Field.

Little League is not only the first pitch of a new season, it teaches the boy sportsmanship, cooperation, and builds self confidence. Shy boys make friends, backward boys who have perhaps been laughed at before, are no longer made fun of. Little Leagues have helped a few children like this. They do not care if he can hit or catch as well as they can, "he" is one of their team, therefore to be helped by them one and all. Yes, Little League teaches them understanding.

What about handicapped children? They also play Little League. Then there's the major part of our teams, normal boys with energy to burn. What happens to all these chidren during the summer months without their beloved field? What happens to the plants they so carefully planted, their signs, the ever so many things they have raised funds for? Who wants to tell them all their work was in vain? Do you?

What happens after Lester Field, perhaps another and another, and so on until there isn't a Little League for any boys anywhere throughout the city.

Dear Editor:

Frequently amid speculation as to who will be chosen as the Democratic vice presidential nominee the name of Pat Brown is mentioned. Lest some forget, this is the same sincere politician who campaigned for re-election with the promise to veto any measure calling for an increase in the already unbearable state tax load.

His empty promise went quickly down the drain, after election, when he nonchalantly signed into law a measure calling for an increase in the state gasoline tax.

A man suitable for the high office of vice president should be a man having the morals and ethics befitting that office. I sincerely believe Senator Eugene J. McCarthy, of Minnesota, to be a man having these qualifications.

This highly articulate, thoroughly experienced statesman is a man of national stature. With a background as a college sociology professor, a technical assistant in military intelligence during the second World War, a member of the U.S. Congress since 1948 and an author and speaker on political, economic and social problems.

Senator McCarthy is a man of principle and integrity and was quite impressive when he represented the United States as a delegate to the London Interparliamentary Conference in 1956 and the NATO Parlimentarian's Conference in 1957.

At the present time Senator McCarthy serves on two Senate Committees. Finance, which deals with revenue measures, tariffs and veteran's legislation; Agriculture and Forestry, which deals with forestry problems, rural electrification, and conservation.

Of the names I have heard mentioned as Democratic vice presidential candidates, Senator Eugene J. McCarthy presents without a doubt the most competent and better qualified nominee.

In the continuing hassel among the La Mesa-Spring Valley school district board members regarding school prayers, a clash occurred recently between Dr. C. J. Padfield, president of the board and Robert Andreen. The argument concerned the minutes of previous meetings. The issue turned out to be a question of whether the minutes were "slanted" or not.

Dr. Padfield issued the following letter to the editor of this publication following the most recent board meeting. Dr. Padfield and Mrs. Anna Dewey make up one board faction. Andreen, William Johnson, and Mrs. Margaret Burnett, the other faction, are subjects of a recall petition movement now under way.

Dr. Padfield writes:

Dear Editor:

"Because of the verbal attack made on me in public at the conclusion of the last Board meeting on March 12th. it is necessary for me to answer the charges made by Mr. Andreen.

"Mr. Andreen's remarks were most caustic and unkind. His attempt to cloud the issue by bringing personalities into this prayer controversy seems to be the age-old tactic of smearing, rather than standing squarely on issues. He accused me of aiding the recall movement by allowing Mr. Stennett to listen to the tape recordings of the January 13th and 27th meetings in the convenience of his home. It should be remembered that these tapes are a public record, and any taxpayer in the District may hear them. Surely Mr. Andreen would bear no malice towards me for helping my fellow man. I would hope that he, too, would do the same thing should anyone ask him to hear these tapes.

"I have no intention of 'doctoring' the minutes as Mr. Andreen accuses me; I am interested only in seeing that both sides of this issue as presented at the Board meetings are factually presented for the record. Judging from his remark, it would seem that Mr. Andreen fears to have this done. I can well understand why Mr. Andreen would be willing to delete everything from the minutes of the two meetings except motions and votes of the trustees. These minutes, and the tape recordings of the meetings are public records, open for inspection. Therefore, the minutes should truly set forth a fair summary of the proceedings.

At no time did I make the statement Mr. Andreen claims I did, namely that I oppose the recall. I did say to him. however, that I had nothing to do with organizing the recall movement. It would be quite impossible for me to make a public statement in support of Mr. Andreen as he has said I should do. He is in the position he is in because of his actions on the Board. I am, after all, an elected official and serve the people I represent, not fellow Board members who find themselves in a jam.

"The recall movement would appear to reflect the opinion that the majority of the Board did not vote in accordance with the wishes of the people. I believe the policy adopted by Mr. Andreen, Mrs. Burnett and Mr. Johnston may very well be in direct violation of the First Amendment of the constitution in denying teachers the right to participate in voluntary prayers in school. If enough people in the district feel as Mrs. Dewey and I do about this matter, then it would seem very reasonable to give them this opportunity to express their wishes at the polls. This is a right given to the people, and I would want no part in taking away another right of this larger segment of our population."

La Mesa-Spring Valley Board of Education.

Dear Editor:

Various methods of foreign language teaching have been tried in efforts to make the study easier, but it remains a difficult, long-range goal.

The goal is desirable for some students. For others, undecided as to which particular language they might need, or preferring to spend less time in language study, Esperanto would be preferable.

Because its grammar is methodical, the international language can be learned in abount one-tenth the time required for any ethnic language. Its culture is world-wide, and Esperanto has been described as "a ribbon of friendship which links heart to heart among people of the whole world".

Anyone interested should write The Esperanto League, 808 Stewart st., Meadville, Pa.

This is an open letter to the Forbut family of the La Mesa-Spring Valley School District. They are the many people who are "for prayer, but . . ."

The Forbuts are too busy to help restore the right to pray; haven't bothered to register to vote; don't understand the issue; don't have any children in school and therefor aren't concerned; don't want to get involved in anything 'controversial'; make it a practice to never sign anything; think a recall is the wrong method; don't want to take a stand publicly; or one of a dozen other reasons. They are emphatically FOR prayer, . . . but . . .

The Forbuts in any issue will stand on the sidelines while someone else does their work for them. They are perfectly willing to share in the benefits when and if the willing workers win the battles. But, as a 10 year old girl told me, they are like the characters in the nursery story who would not help the little red hen plant and harvest her grain. The day may come when they who will not help will not get to eat the bread.

To the Forbuts I say there is no such thing as a neutral Christian. The Lord says, "They who are not for me are against me". If you are for prayer, how can you justify being unwilling to work to preserve it? Jesus said, "Suffer the little children to come unto me, and forbid them not". The 1st Amendment of the Constitution says, "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof". Voluntary prayer in schools have never been ruled un-constitutional. The School Board is elected by the people to represent them and set policy in the district according to the wishes of the people of that district. If the majority of the community want the voluntary prayer retained, then the board members who voted to remove it violated their obligation to represent the people, and should be held accountable to the people via a recall election. I am for prayer, and for elected officials fulfilling their obligations to the people they are elected to represent; and I am willing to stand up and be counted FOR GOD and against anyone who is against Him.

For God and Country

Dear Editor:

As a delegate I attended the State C.R.A. Convention at Fresno. It was a very exciting and prosperous convention for the majority and rather disheartening for the minority.

Abraham Lincoln would have been proud of the sincere, dedicated, extremely well mannered Republicans assembled in the name of the Republican Party. The majority endorsed their candidate, Senator Barry Goldwater for president, George Murphy for senator and the officers for C.R.A. that they felt were best fitted to serve the Republican party for 1964. The foregoing is what really happened, but after reading ten different newspaper accounts, only 2 gave an accurate account of the convention.

I won't go into the fact that some papers reported "Rockefeller was hissed and booed by the opposition", or "Rockefeller was interrupted 30 times by thunderous applause" or "The convention was a John Birch takeover", all of which was not true.

Nothing was said about the largest banquet ever held in C.R.A.'s 30 years history was held for Senator Goldwater or of the countless standing ovations he received at the banquet or that Goldwater was endorsed by an overwhelming 2/3 majority, a feat never before accomplished in C.R.A.'s history.

If we the people can't get good thorough, honest reporting on something such as a convention, what kind of reporting are we getting on more important world happenings, such as South Vietnam, Cambodia, Panama, and Cyprus?

by Peter Odens

LOS ANGELES — A hush fell over the guests at the dinner party given by Charles F. Lummis as Greek George stepped forward to sing. Among the illustrious people assembled that night in the fashionable Los Angeles residence were Madame Helena Modjeska of stage fame and her husband, Count Bozenta, Francis Fisher Browne of "The Dial" and others, equally known in artistic and literary circles.

The year was 1903 and George Xaralampo was about 63 years old, a sturdy man, and as Lummis describes him in his book "Mesa, Canyon and Pueblo" in which he relates the following incident, endowed with an Homeric beard and a heavy thatch of hair. Greek George was dressed in the blue jeans of the farmer as he had just come to see Lummis that afternoon to bring him some of the produce of his farm and had not known that he would be asked to stay for the dinner party. Just the same George did not seem to be ill at ease as he began to sing the songs of his native Greece.

He was in Smyrna when, in 1855, the U.S. naval store-ship "Supply" had loaded some 33 camels as part of an experiment conducted by then Secretary of War Jefferson Davis to see if camels could be used successfully in freighting loads across the desert. George, then barely sixteen years old, had been employed in the shop of one Domingo Mimico but, together with several other enterprising young men, could be persuaded to accompany the expedition to the United States. Among them was the young Arab Hadji Ali, known in this country as Hi Jolly, who later on died in Quartsite, Arizona.

Camels Sold

Unfortunately, the difficulties which faced the camel experiment were too hard to overcome. The camels proved to be highly unpopular with man and beast alike and it was impossible to secure drivers in sufficient numbers. Eventually, some of the camels were sold to circuses or zoological gardens while the rest were left to fend for themselves. According to a marker at Hi Jolly's grave in Quartsite, the experiment might have proved to be a success had it been possible to carry it to its conclusion, but war intervened.

Meanwhile, Greek George lovingly took care of the camels until they were set adrift. In September of 1866, George Xaralampo was naturalized and took the name George Allen But, like Hadji Ali, he never received a pension from the government since he had never been an enlisted man in a technical sense, although he as well as Hadji Ali had fought many a battle on the side of the soldiers.

It was in his attempt to secure such a pension that he had met Lummis who tried to help him. Finally, Greek George, as he was generally known, died in the city of Whittier, California, on September 2, 1915.

Speaks Spanish

That evening, the former camel driver found himself at a gathering of most illustrious persons. In the many years since he had left Greece, he had forgotten his native tongue, and he spoke no English, only a crude form of Spanish. Lummis acted as an interpreter when the other guests asked George for information on the old camel experiment and the days when the Southwest was young. Eventually, there had been some community singing, and then Lummis asked George to sing his native Greek songs.

At first, George had been reluctant to comply since he had forgotten the songs of his childhood, but eventually, he stood up and, leaning against the door, timidly began to sing. And slowly, as he sang the songs his mother had taught him, he remembered. More and more songs came to him and he did not stop until a full half-hour was up. Greek George was not a great singer, but his songs were filled with the emotion of a man who had left his native country as a boy never to return, a man who had staved away for a lifetime but whose love for the country which had given him the light of day suddenly broke through. As he sang, the eyes of the famous guests assembled were moist. As for George Xaralampo, the tears flowed freely down his withered cheeks.

Lew Smith To Be Feted At Community Banquet

Invitations to "Lew Smith Night", a dinner honoring Grossmont Union High School's district superintendent, retiring from that position July 1, are being mailed to members of the community and to community organizations Monday and Tuesday. The dinner, to be April 25 in the International Room of the El Cortez Hotel, is in recognition of Superintendent Smith's twenty years of service to the communities, schools, and young people of the Grossmont district. It is being planned by the "Lew Smith Night" planning committee, John T. Warburton, chairman.

Smith came to the Grossmont District in 1942, and became principal of Grossmont High and district superintendent in 1944. In 1951, when the Grossmont district added Helix High School, he became district superintendent, and in 1961, superintendent of the Grossmont Junior College District. In the summer of 1963, he resigned from the college post, and in January of this year, resigned from the high school superintendency. He has requested another assignment in the district. Smith has led the district during years which have seen it grow from one high school to seven and an eighth in the process, and a junior college, from about 1,500 students to 14,000.

Smith's friends, who have been missed by the invitation committee, but who wish to attend the dinner may call 465 3131, extension 225 for reservations.

Higher Rates For Parcel Post Start Wednesday

New parcel post rates go into effect Wednesday. The increase amounts to 13.1 per cent and is expected to yield about $75 million annually.

Catalog rates will be increased 13 per cent and will produce added revenue of about $2.4 millions at anticipated volume.

Local postmasters said the new rate was approved recently by the Interstate Commerce Commission but the higher rates do not effect air parcel post or international parcel post.

The new rate will increase the cost of a six-pound parcel — which is the average weight parcel — for local area delivery to 37c from 32c.

Local postmasters said the Postmaster General John Gronouski said the decision of the ICC will aid the department in its objective of reducing the postoffice's drain on the Federal Treasury by $100 million.

SPRUCING UP — In observance of Conservation Week the Lemon Grove Juniors donated two Ficus Retussa trees for planting in the parking lot area of the Lemon Grove Green Spot Park. Mrs. Joseph Payson, left, and Mrs. Wayne Chubb, club president, are joined by Claude Erickson, county park ranger, in putting the finishing touches on one of newly planted trees. The park has been a project of the club since 1960. Erickson, who is on full-time duty at the park, said that there have been as many as 200 people at the park on weekends. The park is bounded by Washington, Alton and Mt. Vernon streets.
